How To Use This Book

1. Use this workbook with the color-coded book *Two-Page Short Vowel Words And Sentences*. The words and sentences are taught in the same sequence in the book and this workbook. Practice reading each set of words or sentences in the color-coded book first, then do the related pages in this workbook. Students should be sure to use their best handwriting.
2. Some of the words in this workbook may be new to students. Be sure to explain the meaning of any unknown words.
3. The fill in the blank sentence pages are called "cloze" exercises. These can be difficult for beginning readers to understand. Provide support as needed. Regular practice will build confidence.
4. Congratulate the student on taking a big step towards becoming an independent reader and writer.

A Note About Continuous And Stopped Consonants

Continuous consonants are those that can be held for a period of time, such as ssssss, ffffff, and mmmmmm. Stopped consonants cannot be held (the sound disappears right after they are pronounced), such as t, c, and p.

It is easier for beginning readers to read words that start with continuous consonants, since the sounds can be held long enough to easily connect with the vowel that follows. In the word *man*, the reader can pronounce the letter sounds mmmmaaannn without a break between the sounds.

In the word *c...aaannn*, the sound of the beginning letter *c* cannot be held, so it is harder to connect it smoothly with the short *a* sound that follows. It takes practice to learn to connect these sounds.
